

Partnership for Prosperity **Investor Prospectus**

The Downers Grove Economic Development Corporation is the official economic development and tourism partner of the Village of Downers Grove, Illinois. Since its founding in 2006, the DGEDC has been the economic engine of Downers Grove.

The DGEDC is a public/private partnership that promotes Downers Grove as a premiere global location for commercial retail and hospitality, industrial and office projects, as well as corporate headquarters relocations and expansions. The DGEDC also promotes a strong tourism industry in the Village through the Downers Grove Visitors Bureau, and collaborates with both County and State partners to attract more visitors to the Village.

The mission of the DGEDC is to enhance the economic vitality of the Village through the attraction, retention and expansion of business that is conducive to improving the quality of life in Downers Grove.

The DGEDC:

- Cultivates a diverse local economy, and sustains a labor force for existing and prospective businesses
- Promotes and facilitates travel and entertainment spending in Downers Grove with an emphasis on overnight stays
- Facilitates the use of development tools and programs as identified in the Village's Comprehensive Plan
- Identifies and promotes local, State and Federal incentive programs to assist with site selection and business development projects

The success of the DGEDC is due, in no small part, to the distinguished group of business and civic leaders who serve on our Board of Directors including Chairman Robert Fernandez, and Downers Grove Mayor Robert Barnett. Bryan Gay is the President and CEO.
